**Subject:** Congratulations

Congratulations!

Your website, <http://www.ucalgary.ca/~jaina/MDP-website/intro.htm>, has been selected as a featured site in Lightspan's StudyWeb® as one of the best educational resources on the Web by our researchers. You will be able to view it in our History & Social Studies:Archaeology:North America:Canada section very soon.

StudyWeb® is one of the Internet's premier sites for educational resources for students and teachers. Since 1996, our expert reviewers have scoured the Internet to select only the finest sites to be included in StudyWeb's listing of educational links. Each site in StudyWeb® includes a detailed review describing its editorial and visual merits.

If you are unfamiliar with StudyWeb®, please check us out at: <http://www.studyweb.com/>

Inclusion in StudyWeb® will increase your exposure and attract new visitors to your site; our reviews have been featured in Yahoos Education Web Directories, Webcrawler Select, The Lycos Top 5%, Education World and many others, and StudyWeb® updates are provided to media and educational resources around the world.

We invite you to display the prestigious 'StudyWeb® Academic Excellence Award' icon, which is only offered to sites included in the StudyWeb® directory. It is available at: <http://www.studyweb.com/about/swaward.htm>

We would appreciate it if you would link the icon back to our Home page. The HTML tag for the award is: <A HREF="http://www.studyweb.com/"> <IMG SRC="http://www.studyweb.com/images/sw\_award.gif" Border="0" Width="72" Height="103" ALT="StudyWeb Academic Excellence Award"></A>.

Thanks -- and again, congratulations!

Sincerely,

Leslie Kenny  
Director of Educational Research  
StudyWeb®, Division of Lightspan, Inc.

(Questions? Please visit our FAQs page at <http://www.studyweb.com/about/FAQs.htm#award>.)

About Lightspan, Inc.

Lightspan, Inc. provides curriculum-based, educational software and Internet products and services used in schools and at home. Lightspan's technology, delivery system, and content help increase a student's interest in learning, parent's involvement in their children's education, and a productive interaction among teachers, parents, and students. Lightspan's products include Lightspan Achieve Now, an interactive curriculum program for K-8 students; study aids for college students offered through Academic Systems, Lightspan's higher education group; and an integrated family of Internet products and services offered through Lightspan's subscription Internet service The Lightspan Network and through Lightspan.com.
